

## LUXURY

LUXURY is a masterpiece of tanning craftsmanship paired with the latest in leather technology. Only the finest South German bull hides are refined into LUXURY leather. LUXURY receives a deep vegetable retanning and is then vacuum-dried. This makes LUXURY nice and even despite its thickness, giving it the look and feel of vintage belts or high-end bags. A final light aniline plating imbues LUXURY with a deep sheen. Because it is so thick and dense, we recommend that LUXURY only be processed by experienced craftsmen with specialist machinery!

**Application:** upholstery, leather goods

**Colours:** 13 colours on stock

**Thickness:** 1.8/2.0 mm

**Custom colours:** 250 m<sup>2</sup> per colour

**Delivery:** from our warehouse in Bodenwerder, Germany

**Minimum order quantity:** 1/2 hide

**Area:** approx. 5.0/5.5 m<sup>2</sup> per whole hide

**Raw material:** South German raw hides

**Tanning:** environmentally friendly mineral tanning

**Care products:** Mild Leather Cleaner, Elephant Leather Preserver

## TECHNICAL CHARACTERISTICS

Remarks/Test method/Requirements	Nominal value
Colour fastness to rubbing DIN EN ISO 11640 (grey scale level 1-5)	
100 tours dry	≥ 3
40 tours wet	≥ 3
30 tours perspiration pH 8	≥ 3
Colour fastness to light DIN EN ISO 105-B02 (WBS-level)	≥ 3
Tear strength (N/mm) DIN EN ISO 3377-1	≥ 20N
Fire protection standard DIN EN 1021 Part 1+2	Passed

Quality test certificate in accordance to DGM guidelines 2016

Please note that this test certificate does not relieve the customer of his obligation to inspect incoming goods and may claim of third parties to whom it is passed. It is not a property assurance in legal sense.

## **CLEANING AND CARE INSTRUCTION**

---

LUXURY is a leather with a transparent aniline finish.

For everyday cleaning, it is sufficient to occasionally dust off the leather with a **feather duster** or a dry **dust cloth**.

Visible dirt and stains can be cleaned with **Leather Cleaner Mild**. Fresh stains can be removed immediately with a soft cloth or paper towel. Don't rub too hard! Clean remaining dirt and stains with Mild Leather Cleaner.

For difficult stains, it is always better to contact a specialist first. Damage can easily occur due to improper cleaning attempts.

For maintenance, we recommend **Elephant Leather Preserver**. It keeps the leather soft and supple and maintains the slight shine. First rub the leather fat in a terry cloth and then apply thin layers.

Depending on the strain, heat, and light intensity, the leather should be sparingly maintained every three to twelve months.
